

TWENTY ONE PERSONS KILLED AND FIFTY INJURED IN NEW HAVEN RAILROAD WRECK

Fast Express Speeding Through Fog Crashes Into Rear End of Another

SPLITS TWO PULLMANS

Engine of White Mountain Express Cleaves Through Two Pullmans Killing A Score

FIRST DAY OF ELLIOTT REGIME

NEW HAVEN, Conn., Sept. 2.—Twenty one persons were killed and nearly fifty injured, some of whom may die, in a rear end collision shortly before seven o'clock this morning on the New York, New Haven and Hartford railroad, six miles north of here.

The first section of the White Mountain Express bound for New York, speeding along at probably forty miles an hour in a thick fog, crashed into the rear of the second section of the Bar Harbor Express, standing 100 feet beyond the block signal.

The White Mountain engine cleaved through the two rear Pullman cars, both of wood, splitting them in two and tossing their wreckage and three-score of mangled human bodies, some alive, some dead, on either side of the track.

The third car, also of wood and occupied by forty boys on their way from a summer camp at Monmouth, Maine, was lifted into the air and almost completely off the track. The car fell on its side crumpled up, crushed two of the boys to death and injured several others.

Some Hurdled Over Fence.

Some of the victims of the two rear Pullmans were hurled from their berths over a fence paralleling the track fifty feet distance. Mattresses, bedding and clothing found lodgement in the telegraph wires.

It was the third serious wreck within a year and inaugurated the first day of the regime of Howard Elliott, the newly elected head of the road. Mr. Elliott, returning from his summer home in New Hampshire to assume his duties, passed over the scene of the wreck on an earlier train, less than an hour before.

Practically all the passengers on both trains were returning home from summer vacations and all but two of a camping party of nine guests of Scroer Fox of Elkins Park, Pa., returning from Maine, were wiped out. Fox was among those killed. No one was hurt in the White Mountain train.

The death list, revised from the coroners' report and from the list issued by the railroad company is:

THE DEATH LIST.
Killed in the Wreck.
Alitch, William, Norfolk, Va.
Armstrong, Miss Margaret, Washington.
Bullitt, Miss Marie L., Philadelphia.
Green, Albert, New York.
Hotchkiss, Royal W., New Haven.
Biddle, Miss Harriett, Torreadale, Pa.
Martin, H. F., Bryn Mawr, Pa.
Martin, Mrs. H. F., Bryn Mawr.
McQuillen, Daniel, Neal Jr., Philadelphia.
Fox, Scroer, Elkins Park, Pa.
Rutter, Frank B., Scranton, Pa.
Davis, Miss Emilie Kennedy, Philadelphia.
Yahn, Robert M., Philadelphia.
Hotchkiss, Philo, New Haven.
Korza, George T., New York.
Mary Jane, residence unknown.

Died at Meriden.
Imar, Harry K., New York.
Unidentified Dead.
Elderly man, aged 60, 145 pounds gray van dyke beard, otherwise smoothly shaven, clothed only in union suit.
Elderly woman, weighing about 200 pounds, evidently of German birth, had gold band ring, inscribed "For life and for death" 4-20-70.
Woman aged about 35; had diamond cluster ring engraved D. B. L. (Or G. B. L.) on left hand; locket with "F. Brand".
Man, gray haired, brown eyes, smooth face, inquiries made for Hattenman, Lancaster, Pa.

The New Haven officials were frank to admit tonight that the so-called "banjo" signal system, which on this part of the line has not yet been replaced by the system recommended by the public utilities commission last December which in a measure is responsible for the wreck although the question as to whether the engineer of the White Mountain train, Augustus B. Miller, was making too much speed under the weather conditions is under investigation.

President Sees Wreckage.
New Haven, Conn., Sept. 2.—President Wilson passed through here at 9:50 o'clock tonight enroute from Cornish, N. H. to Washington. The president's train was taken over the same route where earlier in the day the disastrous wreck of the Bar Harbor Express occurred. The president stood on the observation platform and saw the wreckage being

burned a shis train moved slowly by. Two Bodies Identified.
New Haven, Conn., Sept. 3.—Positive identification was made this morning of the bodies of Miss Margaret Armstrong of Washington, D. C. in this city and Harry K. Izumi, a Japanese of Brooklyn, N. Y., who died at Meriden, victims of yesterday's wreck.
Is Probably Mrs. Rutter.
Scranton, Pa., Sept. 2.—The dead woman in the New Haven wreck with a ring engraved "G. B. L." is probably Mrs. F. B. Rutter, who was among the killed. The relatives here of Mrs. Rutter received word tonight that she had been killed. The Rutters were returning from a vacation in Maine.

PASSENGER TRAIN ON WABASH HAS CLOSE CALL

Front Trucks of the Engine Tank Leave Rails Near Markham While Train Was Under Full Speed.

Passenger train No. 28 of the Wabash, due in Jacksonville at 1:36 a. m., came near being wrecked at Markham this (Wednesday) morning. With the train under full speed the center pin, which holds the tank to the trucks broke, throwing the front trucks of the engine off the track. Engineer Bray heard the break and immediately applied the air and stopped before any cars left the track. Those who witnessed the accident state that it was a wonder the entire train was not derailed. An engine was ordered from Bluffs and the train was taken back to Champaign and sent around by Concord to Jacksonville and was expected to arrive here about 5:30 or 6 o'clock this morning. Mr. Schmitt was conductor of the train. The engine was so badly crippled that the wrecker had to be sent for from Springfield.

PUBLIC SAFETY COMMITTEE TO BE NAMED FOR CHICAGO

Body Will Try to Lessen Number of Deaths by Automobiles, Street Cars and Railroad Accidents.

Chicago, Sept. 2.—A volunteer committee of public safety is to be appointed by Mayor Hoffman to try to lessen the number of deaths by automobiles, street cars and railroad accidents, according to announcement made by the coroner today. The committee will be composed of representatives of the railroads, the traction companies, automobile associations, the police and the board of education.

Up to the first day of September there have been 197 deaths by automobiles in 1913 and the annual number of automobile fatalities has shown rapid increase since 1905 when there were only five persons killed.

The number of deaths from accidents of all causes has grown from 3,482 in 1905 to 5,274 in 1912 according to the coroner, who declares the figures for the first eight months of 1913 are more than the total of any previous year.

With the opening of the schools today, all pupils were given instructions in safety and forbidden to cross any street except at regular intersections.

READING COMMISSION CONTROLS MOST OF COAL

DECLARED TO BE "BACKBONE OF ALL ALLEGED MONOPOLY OF ANTHRACITE"

Department of Justice Emphasizes That Only the Law Can Deal With Situation—Court Asked to Prevent Pro-rata in Stock Among Present Stockholders.

WASHINGTON, Sept. 2.—In a statement tonight discussing the "coal trust" suit filed at Philadelphia, the department of justice declared the Reading commission was the "backbone of all alleged monopoly of anthracite." It controls about two-thirds of the entire deposits. The statement added, "and its supply will outlast by many years that of any other producer."

The department emphasized the declarations of the bill filed today that only the law can deal with the situation because in time the Reading system, if not dissolved, would own all the coal in the ground, resulting in a complete monopoly and no opportunity for competition.

In its sweeping investigation of the entire anthracite situation, it is understood the department will consider whether the Philadelphia and Reading Coal and Iron company, a defendant in today's suit, is not "in and of itself" a combination in restraint of trade.

The government's petition specifically states, however, that the question is not intended to be raised in the present proceedings. If the courts sustain the government's charges and dissolve the alleged trust, it is indicated that the case of the Reading Coal company—the largest owner, producer and seller of anthracite—will be taken up.

This company is said to own or lease nearly 100,000 acres of coal bearing lands in the Schuylkill region, estimated to embrace over 2,000,000,000 tons of available anthracite. Before deciding whether the Reading should be begun against the Reading Coal company, however, the government probably will investigate the extent of the power in the coal fields of the Lehigh Valley and railroad systems.

In its statement the department particularly pointed out that the court is asked to dissolve the Reading commission so that there will not be a pro-rata in the stock among its present stockholders as was the case in the standard oil and tobacco dissolutions, but that the distribution should be such that the stock will go to persons not now called with the Reading.

"This," the statement added, "is in accordance with the principle established for the first time in the decree recently entered for the dissolution of the Union Pacific-Southern Pacific combination. In previous dissolutions, the stocks of constituent company have been largely if not entirely distributed to the stockholders of the parent company, thereby leaving the various competitors united still in the control of the same set of men."

TWO MORTALLY WOUNDED IN DUEL NEAR JERSEYVILLE

Bert Morrison of Tieldon and John Rain of Alton Fight After Dispute in a Rowboat.

Jerseyville, Ill., Sept. 2.—Bert Morrison, a saloonkeeper of Tieldon, Ill., and John Rain, a grocer of Alton, fought a rifle-shotgun duel near here tonight. As a result both are lying in a small hut too badly injured to be moved. Charles Powers, a friend of both men, watched the fight from a distance, dragged the two injured men to a hut and notified the authorities.

According to Powers, the dispute began while the men were in a row boat near the shore. Suddenly both made a dash for the hut. Morrison emerged with a shotgun and Rain with the rifle. They ran towards each other and when only a few yards apart, stopped short and fired, almost simultaneously.

Rain's bullet struck his adversary in the abdomen. Before Morrison reeled and fell he sent the contents of both barrels of the shotgun into Rain's body. Powers dragged the two men into the hut and ran for help.

DEPUTIES REPLACE SOLDIERS.

Calumet, Mich., Sept. 2.—At the Osceola and Tamarack mine locations deputies today replaced the soldiers and this will be done at the Red Jacket shaft location tomorrow, as it is felt this organized force can control the copper strike situation at these places. This course is to be followed as rapidly as possible throughout the strike district until all the troops, with the exception of the mounted patrol, have been withdrawn.

THREE ALLEGED SWINDLERS ARRESTED

Terre Haute, Ind., Sept. 2.—With the arrest here today of George Reed, John Collins and Hugh McGinnis, of Indianapolis, on complaint of Cary Shaw, president of the Second National bank, of Houston, Texas, the police declare they have ended the operations of a gang that in the last year has swindled wealthy men out of nearly a quarter of a million dollars. The work of the gang, the officers say, closely resembled that of the Mahab swindle syndicate and included fake prize fights.

ROOT MAKES APPEAL FOR NEW YORKERS

In Tariff Debate Senator Attacks \$3,000 Exemption in Income Tax Bill and Advocates \$1,000

SENATOR LEWIS MAKES REPLY

Declares That New York Has Failed Notably to Make Its Rich Bear the Burden of Government

SEVERAL ITEMS ARE AGREED TO

WASHINGTON, Sept. 2.—An appeal by Senator Root for justice to the people of New York in the levying of the income tax and a reply by Senator Lewis, of Illinois, who declared that the chosen few of wealth should be made to pay for the benefit of government, marked today's tariff debate in the senate.

Senator Root declared that his state, which paid so large a proportion of the civil war income tax, had voluntarily surrendered its constitutional protection against unfair taxation on the conviction that the wisdom of self-control and moderation would be the law-makers for combining to heap upon it the burden of taxation. He said that the men upon whom the income tax would fall were those upon whom New York depended as the source for meeting its great yearly expenses. He attacked the \$3,000 exemption as relieving the agricultural states from the burden of taxation and advocated as according, one thousand exemption.

Senator Lewis, replying later in the debate, said New York had failed notably to make its rich men bear their share of the burden of government and that in accordance with the growing idea that where the states had failed to act, the federal government must act for them, he was ready to make the rich pay. He said Senator Root himself had preached this doctrine when secretary of state.

"Who are the poor of New York for whom the senator is so solicitous?" inquired the Illinois senator. "Are they those who breed around Wall street and the Waldorf-Astoria? Are they those whose names are seldom found on the assessors' list who hover around the Mediterranean in the summer and the islands of the Caribbean in the winter? Are there no poor and humble in his state? Why should the senator ask that 'my poor' should be exempt from the burden of government?"

"The object of democracy is not to make illegal war on legal wealth, but legal war on illegal wealth. We hear talk of war with Mexico. Who would be first to hasten to the capitol to have the army and navy sent out? It would be 'my poor' who would want the farmer's son sacrificed to protect their property and to prevent invasion of the country. Let them pay for the great benefits of government which they enjoy and let not all the burden be placed on the helpless that they may become the hopeless, too."

Several items passed over on the first reading of the bill were agreed to during the closing hours of today's session.

Senator Jones to remove the duty from jute bags for grain exports were defeated.

SULZER ANNOUNCES PARDON OF JOSEPH G. ROBIN TUESDAY

Supreme Court Justice Issues Writ For Production of Prisoner Before Him Thursday.

Albany, N. Y., Sept. 2.—Announcement of Governor Sulzer had pardoned Joseph G. Robin, who is serving a term in the New York penitentiary on Blackwell's Island, for wrecking the Northern Bank and the Washington Savings Bank of New York was made at the legislative chamber this afternoon although the pardon was granted last Saturday.

Simultaneously word came that Supreme Court Justice G. B. D. Hughes had issued a writ demanding the production of the prisoner before him at Kingston on Thursday. Both the friends and opponents of Governor Sulzer regard this proceeding as a court test of the validity of the impeachment of the governor in advance of the time set for the convening of the court of impeachment.

It is known, however, that Judge Cady Herrick and others close to the governor advised strongly against issuing the pardon.

ORE SHIPMENTS INCREASE

Duluth, Minn., Sept. 2.—In spite of the strike of laborers at the Alouette and Missabe docks, it was announced tonight ore shipments from the Duluth-Superior and Ashland harbors up to September 1, 1913, amounted to 26,844,081 tons, an increase of more than 3,000,000 tons over the record figures for the same period in 1912.

Chicago, Sept. 2.—Suits against three Chicago oleomargarine packing companies, for unpaid taxes on oleomargarine totalling \$110,600, were filed by the government here today. The companies sued and the amounts are: William J. Moxley, \$225,000; G. H. Hammond Co., \$250,000; E. Friedman Mfg Co., \$125,000.

HARRY K. THAW WINS MORE DELAY IN FIGHT

JUDGE HUTCHINSON MAY NOT RENDER DECISION UNTIL THURSDAY

Attorney General is Insistent That There Be No More Delay in Case—Other Means to Release Prisoner Will Be Taken if Writ Fails.

SHERBROOKE, Que., Sept. 2.—Harry K. Thaw won more delay today in his fight against return to the Mattawan asylum and tonight he was back in his cell at the Sherbrooke jail. There he will remain until Superior Judge Matthew Hutchinson renders his decision on the question of sustaining or dismissing the habeas corpus writ, arguments on which were heard today in chambers. The decision may come tomorrow, but more probably on Thursday.

It was a day of alternate joy and depression for Thaw. At the opening of the hearing he faced a new and dangerous opponent in Almo Goffin, of Quebec, an emissary from the attorney general and premier of the province Senor Gounin and from his lips Thaw heard that the attorney general was insistent that there be no more delay in the case and that the habeas corpus writ failing, other steps would be taken to insure Thaw's release and return to the asylum on the Hudson.

M. Goffin left Sherbrooke this afternoon for Quebec and did not announce whether he would return. "I do not know," he said, "whether Thaw will be deported. I do not care, but our provincial jails cannot be used as a boarding house or as a place to escape the immigration laws."

The belief prevailed in Sherbrooke tonight that if the writ is thrown out, the attorney general will take immediate steps to have the commitment quashed. Thaw will then be free, that is, for the brief instant before he is taken in charge by the immigration authorities.

ONE DEAD AND FIFTY NINE OVERCOME IN CHICAGO FIRE

Firemen Fight Blaze for More Than Four Hours—Loss Estimated at \$200,000.

Chicago, Sept. 2.—Fire which destroyed the new Central Hotel at State and VanBuren streets today, caused the death by suffocation of Thomas Yates, an employee of the hotel, sent fifteen firemen to a hospital overcome by smoke, paralyzed traffic for two hours in parts of the shopping district, and threatened stores and theaters on State street with destruction. The loss was estimated at \$200,000.

The firemen fought the flames for more than four hours in the dense smoke and with the thermometer ranging around 100 degrees. When the companies had returned to their headquarters and a roll call taken, it was found that altogether fifty-nine men had been overcome and taken to hospitals. Most of them had been overcome with smoke and heat, but it was reported later that few were seriously affected.

DEFENSE IN CAMINETTI TRIAL TO FINISH BY THURSDAY

Except For Few Minutes Minor Testimony Government Completed Its Case Tuesday.

San Francisco, Sept. 2.—Except for a few minutes of minor testimony to be introduced tomorrow, the government completed today its case against F. Drew Caminetti. The defense promised to rest by Thursday and if the precedent of the Diggs trial is followed, the arguments of counsel and the instructions of the judge will be compressed into one more judicial day and late Friday the case will go to the jury.

Lola Norris repeated more fully than in the Diggs trial the story of her relations with Caminetti.

Necessarily, the government bore more personally and more particularly on the part she and Caminetti played in the determinations and acts of the four of them and the cross examination dwelt more heavily on her share in the responsibility for her own downfall. The wife and mother of the defendant listened to her closely while Caminetti coached his lawyers in questions. Diggs was in attendance, as has been wont, since the trial of his companion began.

BEGIN WRECK INVESTIGATION

Cedar Rapids, Ia., Sept. 2.—An official investigation into the cause of yesterday's wreck on the Rock Island, near Maynard, Ia., was begun today by the officers of the company. It was stated that the wreck was due to an obstruction. The revised list of dead shows that two lost their lives, instead of three as reported last night. The dead are: John Hopworth, of Oelwein, Ia., and John Proctor, residence unknown. The most seriously injured were reported on the road to recovery today.

CONVICTS TO WORK ON ROADS

Joliet, Ill., Sept. 2.—Clad in ordinary laborer's clothes devoid of shackles and without the guards, T. F. Keegan and Charles Hardy, absolutely unarmed, forty picked convicts from the state penitentiary will leave here tomorrow for Lee county to commence work on the first convict labor road work in this state.

ARE NOT ANTAGONISTIC TOWARD CURRENCY BILL

LEADING BANKERS SUPPORT MANY PRINCIPLES OF MEASURE

Representatives of Recent Conference at Chicago Emphasize Fact That They Wish to Make New System More Flexible.

WASHINGTON, Sept. 2.—Support for many principles of the administration currency bill was drawn from leading members of the American Bankers' association today at the first session of the hearings begun by the senate committee on banking and currency. Representatives of the recent conference of bankers at Chicago, who appeared to present recommendations for amendments to the bill, emphasized the fact that they did not come in a spirit of antagonism to the bill, but in the hope that it could be formed so as to make the new system more attractive, and more flexible.

"We do not fear government control," said Sol Wexler, vice president of the Whitney Central bank of New Orleans and one of the chief spokesmen for the delegation. "We want only minority representation on the federal reserve board; not to legislate undue influence upon its actions, but to prevent abuses that might arise."

James B. Forgan, president of the First National bank of Chicago, and chairman of the Chicago conference, and Mr. Wexler testified today and covered part of the ground embraced in the series of suggestions for amendments to the bill made public by the bankers a week ago.

The sharp struggle that is to be waged in the senate committee before it can reach any agreement on currency reform legislation became apparent early in the hearing. Questions by Senators Hitchcock and O'Gorman (Democratic) indicated that their views on certain provisions of the bill were at variance with those of the party leaders, who engineered the measure through the preliminary stages in the house, and Republican opposition to many features of the bill was pronounced.

One source of encouragement to Mr. Bryan today was the action of the committee in recommending a deficiency bill, \$100,000 asked for by the secretary to meet the expense of bringing its American citizens from Mexico.

AMERICAN HELD FOR RANSOM.

El Paso, Texas, Sept. 2.—A. W. McCormick of San Antonio, superintendent of the Palomas Land and Cattle company in northern Chihuahua, is held prisoner by Maximilian Castillo's band of Mexican free booters for a ransom of \$10,000. This is the second time he has been held for ransom. During the Orozco revolution he was forced to pay \$5,000 for his liberty.

SPARKS FROM THE WIRE

GALENA, Ill., Sept. 2.—Women today defeated a proposal to issue bonds for \$15,000 for repairs to the city market house.

DUQUOIN, Ill., Sept. 2.—Operations were resumed this morning at the Majestic and Davis mines here after a suspension of ten days as the result of labor difficulties.

CHICAGO, Sept. 2.—H. W. Perce, of Chicago, was elected president at the first meeting of the Fish and Game Conservation society of Illinois, held here today.

SPRINGFIELD, Ill., Sept. 2.—At a meeting of the board of managers of Pontiac reformatory, held in this city today, the resignation of Superintendent R. A. Russell was accepted, to take effect January 1, 1914.

WAUKEGAN, Ill., Sept. 2.—Suit for \$100,000 was filed in the circuit court today by Mrs. Minnie Richardson, victim of a recent raiding at Voio, Ill. Six women residents of Voio were named as defendants.

CHICAGO, Sept. 2.—One hundred degrees was registered by thermometer on the street level in Chicago today. It came near being the hottest September day in the history of the weather bureau. The official temperature, as registered on top of the Federal building, however, was 97 in the afternoon.

SEATTLE, Wash., Sept. 2.—George Walsh was killed and Harry Gray and Walter S. Brown were injured late today, when a car driven by Gray in the Seattle Automobile club's reliability tour skidded off a bridge just outside the city limits.

MILWAUKEE, Wis., Sept. 2.—All September heat records were broken this afternoon when 94 degrees was reached. This is 1.1 degrees higher than the record estimate on which was 95.4. One heat prostration was reported by the police.

CAIRO, Ill., Sept. 2.—Harvey R. Fields, who shot and killed Dr. E. E. Gordon here last night, was ordered held without bail on a charge of murder in the first degree by a coroner's jury here this afternoon. His wife substantiated Field's statement that the physician had attacked her in his office.

WASHINGTON, Sept. 2.—Francis Baxton Harrison, who resigned yesterday as representative from New York, today was sworn in as governor general of the Philippines in the office here of Brig. General McIntyre, head of the bureau of insular affairs.

DUBLIN, Sept. 2.—Two houses in Church street, occupied by thirteen families, suddenly collapsed tonight, burying all the inmates. Seven dead and many injured were quickly extricated by rescuers. It is feared the death toll will be heavy, as it is reported fifty-three persons are missing.

WILSON EXPECTS TO MEET HALE TODAY

Report of Conditions in Mexico Since Lind's Arrival to Be Made Directly to President Wilson

LIND MAY RETURN SOON

Bryan States That He Knows Nothing of Special Envoy's Alleged Intention to Return in A Few Days

AMERICAN HELD FOR RANSOM

WASHINGTON, Sept. 2.—President Wilson, who returns to Washington tomorrow morning from Cornish, N. H., is expected to meet William Bayard Hale, now enroute here from a special mission to Mexico for the administration. Mr. Hale's report of conditions in Mexico since the arrival of John Lind with the peace proposals of the American government will be made directly to the president.

Unofficial reports reached Washington today that Mr. Lind, who has been at Vera Cruz since the rejection by the Huerta government of the American proposals, would return to the United States within a few days. No confirmation of this as procured at the state department. Secretary of State Bryan said just before leaving for a lecture engagement tonight at York, Pa., that he knew nothing of such an intention on Mr. Lind's part.

One source of encouragement to Mr. Bryan today was the action of the committee in recommending a deficiency bill, \$100,000 asked for by the secretary to meet the expense of bringing its American citizens from Mexico.

AMERICAN HELD FOR RANSOM.

El Paso, Texas, Sept. 2.—A. W. McCormick of San Antonio, superintendent of the Palomas Land and Cattle company in northern Chihuahua, is held prisoner by Maximilian Castillo's band of Mexican free booters for a ransom of \$10,000. This is the second time he has been held for ransom. During the Orozco revolution he was forced to pay \$5,000 for his liberty.

Yesterday a Mexican brought a report to the international border at Lachita, N. M., that McCormick was held a prisoner again and today an El Paso band received a request from McCormick, through a friend, to forward \$10,000. The money was sent to Lachita, whence it is to be taken to the camp of Castillo to procure the American's release.

Douglas, Ariz., Sept. 2.—Practically all Americans in the Yaqui river valley and the sections surrounding Guaymas have begun preparation to leave for the United States. Requesting has been made to the state department that battleship be sent to the mouth of the Mayo and Yaqui rivers to receive the refugees who cannot escape northward.

The movement resulted from a warning of American Consular Agent Hostetter of Hermosillo, who has recommended that all Americans leave the Yaqui country in even stronger terms, it is stated, than President Wilson used in his general request. Hostetter shares the belief that those on the border that the relations between the Indians and the constitutionalists rapidly are reaching a crisis.

HEARING INDEFINITELY POSTPONED.

St. Paul, Minn., Sept. 2.—The hearing on whether the temporary injunction restraining the Rock Island railroad from refusing shipments of liquor in Iowa should be made permanent was indefinitely postponed by Judge Willard in the United States district court today.

A local brewing company is the petitioner for the injunction. The railroad claims the shipments are in violation of a federal and an Iowa law.

BELIEVE DEPUTY IS ALIVE.

Kansas City, Sept. 2.—The theory that Paul H. Thompson, deputy commissioner of Nebraska, whose coat and hat stained with blood were found under the municipal wharf yesterday was the victim of foul play, was abandoned by the police here tonight. The officers said the investigations had convinced them that Thompson is alive and that he disappeared voluntarily.

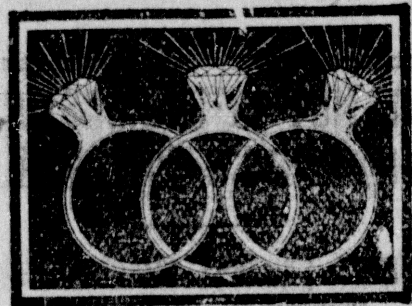

WEATHER INDICATIONS AND TEMPERATURES

Washington, Sept. 2.—For Illinois: Fair in south, cloudy and somewhat cooler in north portion Wednesday; Thursday probably fair and cooler; moderate variable winds becoming northeast and east.

Chicago, Sept. 2.—The current, maximum and minimum temperatures today were:

	Current	High	Low
Boston	76	82	66
Buffalo	82	88	68
New York	79	82	68
New Orleans	84	90	78
Chicago	82	97	78

MISSIONARY SOCIETIES OF GRACE CHURCH UNITED

Union Perfected at a Meeting Held Yesterday at the Home of Mrs. Nelson and Mrs. Mortimer.

A union of the Woman's Foreign Missionary society and the Young Woman's Foreign Missionary society, organization of Grace Methodist church, was perfected Tuesday at a meeting of the first named society, held at the home of Mrs. Dunlap and Mrs. Mortimer on West College avenue. The combined membership of the two societies will be 140.

The Y. W. F. M. society held a meeting Monday night at the home of Mrs. H. L. Griswold, at which time a committee composed of Mrs. James I. Graham, Mrs. Herbert Capps and Mrs. J. W. Miller was appointed to confer with the older society at the meeting yesterday, relative to the combination.

A nomination committee composed of the above committee of the Y. W. F. M. S. and Mrs. J. N. Ward and Mrs. Lowdermilk of the Y. W. F. M. S. met yesterday. They presented a list of officers and these will be voted on at a meeting to be held at Grace M. E. church Friday afternoon at 3:30 o'clock.

The meeting yesterday proved most delightful. The mite boxes were opened and reports of the year's work were read. Both societies have been in splendid shape the past twelve months and with the union a greater and more efficient work is anticipated.

THANKING THE POET.

Woodson, Ill., Sept. 1, 1913.

Dear Sir:—I was wondering what caused the wind to blow so strong from the northwest. It was because this D. K. McCarty has been resurrected and came to life again and is blowing his polished criticism into your paper—the orator and noted writer, a poet, a politician and a farmer. I understand he lives in Cracker's Bend; he sounds to me like the cracker. If I want him to attend to my business, I want to select him and pay him for the same, but here comes a fellow doing it free of charge. He looks about like ten cents to me.

I have as much respect for a man that has an auto as any man, but I have no respect for a swell head that tries to monopolize all the road. They claim they pay wheel tax. Don't we pay tax on the land that we have in the road and pay road tax as well? Twice we pay taxes on the same road. He speaks of meeting me. I never knew him; I don't think I have lost much. He wants the people to know of his little trip and that he has an auto. Maybe, like many others, on time. If he would have applied all the time that he has lost trying to attend to other people's business he would have been a wealthy man. I always try to attend to the business of my own and I will thank the poet to keep his nose out of my business. Respectfully, J. Culp.

FINANCES OF CHAUTAUQUA.

The finance committee of the Jacksonville chaquetauqua spent a portion of yesterday auditing the books, but the work was not completed on account of some bills still being out. The total receipts of the educational festival amounted to \$4,721.65. The total expense was \$4,500, with a few outstanding bills which will not amount to over \$75 or \$100. The figures show that the chaquetauqua paid out with a small amount left in the treasury.

Thomas O'Connell and Thomas Burns were among the business visitors from the Buckhorn neighborhood in the city yesterday.

A Store With a Double Service

It is gratifying to us to note the increasing number of farmers who are finding out that at this store they can exchange their produce for both groceries and drugs, the prices we pay them being the very highest the markets make possible. People in Jacksonville have learned, too, that we have exceptional offerings of country produce along with the other attractions of our store and are appreciating the service which can be afforded from our two departments.

If by some chance you have never visited this store and are not familiar with its absolutely clean and sanitary condition and with the high class of goods we carry, then let us suggest and hope for an early visit, assuring you of a most cordial welcome.

PROF. JEFFRIES RECEIVES OFFER FROM MISSOURI

Wanted as Director of Music in Girls' Industrial School at Chillicothe.

Prof. C. C. Jeffries received a special delivery letter Tuesday evening from Mrs. A. M. Clay, superintendent of the Girls' Industrial school at Chillicothe, offering him the musical directorship of the institution. The letter follows:

"Chillicothe, Mo.,
"September 1, 1913.

"My Dear Mr. Jeffries:
"Do you remember one day at Hamilton we discussed somewhat the work in the music department of the school here and of the possibility of your taking charge of it? Well, we want you and we want you badly.

Will you come? I have been paying \$120 per month with meals, but no room, and then the professor had a studio in town. Better come over and let us talk the matter over. Hoping to hear from you on receipt, am,

"Very truly yours,
"Mrs. A. M. Clay."

Mr. Jeffries met Mrs. Clay when his band was playing an engagement at Hamilton, Mo., some time ago, the school's orchestra playing an engagement there at the same time. He discussed the work in the school with Mrs. Clay and gave her a number of suggestions about the work. When asked whether or not he would accept the offer, Mr. Jeffries stated last night that he had not decided definitely. Mr. Jeffries recently refused an offer as director of the band at Pontiac reformatory. This letter is a civil service position and he took the examination some two years ago.

Mr. Jeffries' many friends in Jacksonville and vicinity sincerely hope that he will decide to remain here.

MORGAN COUNTY POULTRY ASSOCIATION ELECTS.

Appoints Committee to Prepare Catalogue—To Hold Show With Farmers' Institute.

A called meeting of the Morgan County Poultry association was held Tuesday evening in Room 5 of the Gallagher block with good attendance. The officers of secretary and treasurer were declared vacant on motion and an election was held for new officers. James C. Weber was chosen secretary to succeed J. H. Rayhill, Jr., who has removed from the city. J. J. Mallen was elected treasurer. It was decided to issue the premium list of the association and the Farmers' Institute program under the same cover. A catalogue committee consisting of D. T. Heimlich, J. A. Hoffman, Otto Domke, William E. Thomson, Mrs. John W. Cleary and Miss Josie Hairgrove were appointed to arrange the premiums. Applications for membership were received from F. N. Doane and J. D. Hoffman and acted upon favorably.

As the show this year will be held in conjunction with the Farmers' Institute, it is expected to be the largest ever held in Morgan county. Much interest is being manifested already and members of the association are working hard to make it a great success.

RED LARGE PIMPLES ALL OVER FACE

Festered and Came to Head. Scratching Made Sores. Caused Disfigurement. Used Cuticura Soap and Ointment. Face Now Clear.

1413 E. Genesee Ave., Saginaw, Mich. — "Cuticura Soap and Ointment cured me of a very bad disease of the face without leaving a scar. Pimples broke out all over my face, red and large. They festered and came to a head. They itched and burned and caused me to scratch them and make sores. They said they were seed warts. At night I was restless from itching. When the barber would shave me my face would bleed terribly. Then scabs would form afterwards, then they would drop off and the so-called seed warts would come back again. They were on my face for about nine months and the trouble caused disfigurement while it lasted.

"One day I read in the paper of the Cuticura Soap and Ointment. I received a free sample of Cuticura Soap and Ointment and it was so much value to me that I bought a cake of Cuticura Soap and a box of Cuticura Ointment at the drug store. In about ten days my face began to heal up. I kept on using Cuticura Soap and Ointment and in a very short time after, the scabs dropped off the red spots where they were vanished also. My face is now clear of the warts and not a scar is left." (Signed) LeRoy C. O'Brien, May 12, 1913.

"Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

COUNCIL SOON TO TAKE UP UTILITY FRANCHISES

Measures About Ready for Discussion in Open Session—Council Making Demand for \$1 Gas—Talk About Water Situation.

A meeting of the city council was held Tuesday morning, when in addition to the transaction of routine business there was some informal discussion of the water question and the utility franchises.

When the council was called to order by Mayor Davis, the roll call showed that all members were present. After the reading of the minutes a petition was read from the Jacksonville Railway & Light Co., asking for the granting of a franchise. The petition which covers every street on which mains are laid, where wires are carried or the street railway runs, are many in number and must be signed by property owners representing a majority of the frontage of each street. On motion of Mr. Knollenberg, with a second by Mr. Brennan, the petitions were received and turned over to the city attorney, who will check them up to see if all petitions have the required frontage. It is necessary to have the facts correct in this regard if the franchises are legally granted. The city engineer will probably be able to report today or tomorrow.

A petition was read from Mrs. Julia Mendonza, asking for authority to lay a concrete walk in front of her property at 513 North Diamond street. This matter was referred to Mr. Newman with power to act.

All properly approved bills were ordered paid when funds are available.

Considering Stand Pipe.

The question of a stand pipe to be operated in connection with the city reservoir was discussed and the department of public property to which the matter had been referred, asked for further time. In this connection, Mr. Brennan, answering questions asked by Mr. Newman, said the flow of water from the Widenham and Daub wells shows no signs of being reduced as yet. He said that all of the city's supply was coming from the wells and had been flowing from that source for the past three weeks. He said that a breakdown of the pump and that it might be well to secure a smaller one which would probably cost about \$1,500. Mr. Brennan said that he could not give exact figures until some further data had been supplied him by the city engineer and that this would be ready within a short time.

Mr. Newman asked about supplying parties in South Jacksonville with water and some other outside customers and did not think this should be done if there was any danger of cutting off the city's own supply. He said he would not like to see any customers cut off, but that the city's interest must be cared for first. Mr. Brennan does not believe that there will be any need to decline to sell to customers who are now being supplied.

Utility Franchises.

The question of the utility franchises was then brought up by Mr. Newman, who favored the consideration of the street railway franchise, even if the others are not entirely ready. Mayor Davis and Mr. Knollenberg objected to considering one at a time and thought that the best way would be to take up all franchises at one time with Mr. Chubbuck and Mr. Miser. It is understood that so far as the council and city attorney and the Railway and Light companies are concerned they have agreed on details of the railway and electric ordinances and that they have not come to terms on the gas ordinance. The mayor and the commissioners want \$1 gas and the

company wants to make the price \$1.05.

Officers' Reports.

City Treasurer Farrell reported a balance September 1 of \$1,972.11. Howard Wannamaker, sexton at Jacksonville cemetery, reported eleven graves made in the month of August.

R. L. Pyatt, city clerk, reported receipts for the month to be \$495.92. Of this sum \$130.50 was from poll tax. Mr. Pyatt reported receipts from Jacksonville cemetery of \$169.68 and from Diamond Grove cemetery of \$81.50.

J. T. Owen, sexton of Diamond Grove cemetery, reported seven graves made.

George P. Davis, chief of police, reported for August 33 arrests: Males 31 and females, 2. Amount of fines collected, \$234.25. The cases were as follows: Maintaining a nuisance, 1; fast driving, 4; drunkenness, 7; riding on sidewalk, 3; keeper disorderly house, 2; disorderly conduct, 12; assault, 2; violating local option ordinance, 1.

W. H. Cobb, water superintendent, reported total collections, \$2,357.81; water rent, \$2,292.81; meters sold, \$50; taps sold, \$15.

REAL WILD WEST SHOW IS COMING TO JACKSONVILLE

101 Ranch Organization Will Visit City September 16th—High Class Exhibition Promised.

The 101 Ranch Real Wild West Show is coming to Jacksonville Tuesday, September 16th at West Lafayette avenue and Chestnut street, and it will give the people of this vicinity an opportunity of seeing the grandest western exhibition ever conceived. From the standpoint of both magnitude and merit this western aggregation is in a class by itself. Three long trains of double length cars are required to convey it through the country and nearly 1,000 men, women and horses participate in the performances. In every city where this stupendous show has been seen this year, the press and its thousands of patrons have been unanimous in proclaiming it to be the most wonderful exhibition of modern times. The show comes direct from the great 101 Ranch at Bliss, Oklahoma, and which is the largest ranch in the world and from it the show derives its name. Miller Brothers who are the owners of the ranch are joint owners with Edward Arlington in the show. Unlike other so-called wild west shows the 101 Ranch does not tolerate anything which is not purely western. There is nothing from any other section of the universe around it. It is of the West and purely western.

On the morning of the day of exhibition, a parade of street parade will be given, which is over a mile in length and full of new and interesting features, including Indians of every tribe not yet extinct. This parade should be seen by all whether the performances are attended or not. Two performances will be given, one in the afternoon at 2 o'clock and the evening performance at 8 o'clock. The doors to the Indian Village and band concert will open one hour in advance of each performance. Patrons may feel safe with this show, as no gambling or catch-penny devices are tolerated either on the grounds or around them. The show carries its own corps of experienced detectives, and knowing this, the dishonestly inclined give it a wide berth. One ticket is all that is required to visit every department of the big show. Comfortable seats with back and foot rest are provided for 10,000 people.

ILLINOIS METHODIST CONFERENCE SOON TO CONVENE

Ninetieth Session Will Open at Shelbyville Sept. 10—Bishop McDevitt Will Preside—Gossip About Appointment.

(By C. R. Morrison)

Prospect is better than retrospect. Vision is far superior to reminiscence. But both are good. The gathering together at Shelbyville of the Illinois Conference of Methodism, interests not only the ministry, but the 80,000 laity within its bounds. What has been done this past year is preliminary and prophetic of the work of the future. The era of big things has not passed. Neither is it passing. All those mighty revival efforts of the previous years, when 8,000 and 10,000 souls were reported as converted, within a single year—the days when "Billy" Sunday stormed the cities of central Illinois with effective force, strengthening other branches of Protestantism as well as the Methodist branch—have not been repeated this year. Nor has it been a year of building of great churches, for all the large cities in Illinois conference are splendidly equipped with commodious houses of worship, and these need not be duplicated for years to come. It is, however, an era of church building among the smaller cities and towns, a replacing or improving the "meeting" house of a generation ago with those of modern design, better suited to the needs of the day and of the social and educational demands. Gibson City has just laid the cornerstone for a \$30,000 church, under the leadership of Rev. E. L. Fletcher. It was from this church that Dr. F. A. McCarty came to Centenary church in 1908. Murrayville has dedicated its \$20,000 church and Franklin will in like manner soon come into its \$12,000 house of public worship, while in October, Maroa, near Decatur, will dedicate a \$20,000 structure. This decade really profited by the otherwise disastrous fire that swept this enterprising city. The old church was being used as a place of worship, while the new one was building three blocks north. The problem of disposing of the old structure was being discussed. Some wanted to take it down, being a frame building and use the material for a new parsonage; others wished to sell it for a parsonage. The best offer they could get for the soon to be abandoned building was but a few hundred dollars, when lo! the burning of a near-by grain elevator, with pens and sheds swept away the old church, insured for \$4,000, destroying the furnishings—church organ and stained glass windows—good for a church but junk when offered for sale. A new parsonage, on a very desirable lot, will now be in order. Windsor has dedicated a \$20,000 church this year, as has Georgetown, Camden, in the Quincy district, built a \$10,000 church and at Covell, in the Bloomington district, a beautiful \$7,000 church building has been dedicated. Pesotum and Rankin have been provided with churches costing \$8,000 each. Other church enterprises are under way at Waverley, Delavan, Lincoln and unless hindered by the partial crop failures, will materialize next year.

Big Things.

Placed over against the big things of other days, may be noted the educational forward movement with its five year campaign of publicity and solicitation. Under the efficient and wise leadership of Dr. J. C. Nate, former pastor of Grace church, and the commissioners of the Illinois and Central Illinois Conferences, the vision of a million and a half of good gold dollars for the schools and colleges of Central Illinois Methodism, is being realized.

Already one half million dollars of this sum has been provided for,

and by June 15, 1914, Illinois Wesleyan University at Bloomington will have doubtless completed its program and secured its desired \$500,000.

Never before has such an enterprise been undertaken by the schools and colleges of this territory. Never before was it deemed possible to conduct such a campaign, with such unity and co-operative spirit, as this has been conducted. Nothing like it has been attempted by the conference concerned.

Changes In Pastors.

But to make possible the success of this enterprise, Dr. Nate was called from the pastorate of First Church, Champaign, and the aggressive spirit of the college authorities, as well as the commission having the campaign in hand, looks to further drafting of competent men from the pastorate. Five such men are to be placed in the field for the coming year in the interest of Illinois Wesleyan University. From Central Illinois Conference, Dr. T. W. McVey of Canton and Rev. J. T. Jones of Normal, have been selected. From Illinois conference, Rev. Parker Shields of Charleston and Rev. (Prof.) J. W. Henninger, formerly superintendent of Jacksonville public schools, later president of State Normal at Macomb, now pastor at Gays, and if the conference endorses and the Bishop appoints, one other will be selected. It is generally known that a strong request from President Kemp has been made to secure Dr. J. W. Miller of Grace Church for this place. Notwithstanding the unanimous vote of the Grace church official board to have him return for the third year. If such request be acquiesced in, there will be at least eight changes, paying \$2,000 and over that rumor has it, will be involved in changes. Dr. J. F. Wohlfarth, superintendent of the Quincy district vacates the office, by legal limit of six years service and Rev. A. S. Flanagan of Vermont Street Church, Quincy, is being considered as his successor, although Rev. N. M. Rigg of Beardstown is being urged for the place. Two churches in Decatur are likely to have new pastors, Rev. T. N. Ewing having been asked for by Springfield First Church and Dr. J. C. Willetts, has announced that he will make public at Shelbyville his probable destiny. It is supposed to be a position with the Sunday school board or the Home Missionary Board. He is in demand for executive leadership in those lines. It was his personal plea that secured for Decatur the fall meeting of the Foreign Mission Board in November next. Rev. Preston Wood is also named as likely to be one of the eight that is wanted to fill some of the above named places, when the whirl comes. Also Kinkaid church, which he has so faithfully served for five years may be needed by some of the above crying "Pussy wants a corner." It is possible that these eight men, could be made to fill the eight places, it might create but little disturbance in the general body of the conference. But this is hardly probable. Already young energetic men of the finest balm qualities of mind and heart are due for promotion. Their friends are urging their claim upon District Superintendents and upon the attention of the Bishop. When once the "moving" spirit begins to get ready to move, great is the interest therein, and many rush to get into the troubled waters.

Conference Next Year.

Two, if not more places will invite the conference for its session in 1914. They are Pittsfield and Delavan. Either one could do the deed handsomely, although neither one has ever attempted it. The year following will be the Lay Electoral Conference and then the membership will be doubled, making it necessary to meet in some of the larger cities.

Mr. and Mrs. Clarence Scott and daughter, Mildred, and Miss Hazel Scott will leave this morning for Bloomington to spend a few days with friends and relatives.

The Perfect Baby Of The Future

A Simple Method That Has a Wonderful Influence Upon The Future Infant.

Too much can not be said for a wonderful remedy, familiar to many women as Mother's Friend. It is more eloquent in its action than all

the health rules ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon all the cords, muscles, ligaments and tendons that nature calls into play; they expand gracefully without pain, without strain, and thus leave the mind care-free and in joyful anticipation of the greatest of all womanly ambition. Mother's Friend must therefore be considered as directly a most important influence upon the character and disposition of the future generation. It is a conceded fact that, with nausea, pain, nervousness and dread banished, there is stored up such an abundance of healthy energy as to bring into being the highest ideals of those who fondly theorize on the rules that insure the coming of the perfect baby. Mother's Friend can be had at any druggist at \$1.00 a bottle, and it is unquestionably one of those remedies that always has a place among the cherished few in the medicine cabinet. Mother's Friend is prepared by the Bradford-Regulator Co., 139 Lamar Bldg., Atlanta, Ga., after the formula of a noted family doctor. Write them for a very instructive book to expectant mothers. See that your druggist will supply you with Mother's Friend. There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

WHITE SOX TRIM NAPS IN TWO GAMES

CHICAGO DEFEATS CLEVELAND IN BOTH GAMES.

Cals Annex First 3 to 1 and Second 9 to 3—Scott Pitches Great Ball in First Encounter and Sox Drive Blandly Off the Mound in the Second in the Third.

Cleveland, Sept. 2.—Chicago beat Cleveland in both games of a double header here today. This effectively put an end to Cleveland's winning streak which had lasted through eight straight games.

Scott, who was knocked out in the first inning of yesterday's afternoon game, came back in the first game today and pitched great ball.

In the second contest, Blandly, who started for Cleveland, was knocked out of the box in the third inning.

RECRUIT HOLDS CINCINNATI SAFE

Luhren Yields But Seven Scattered Hits to Reds and Pittsburgh Wins Easily 5 to 2.

Pittsburgh, Sept. 2.—Bill Luhren, a recruit from Albany, Ga., held Cincinnati to seven hits this afternoon and Pittsburgh won 5 to 2. Slow work in Cincinnati's infield behind Ames helped Pittsburgh to three runs in the fifth inning, hits by Dolan, Carri and Simon doing the work. Score: R. H. E. Cincinnati . . . 200 000 00—2 7 1

Pittsburgh . . . 000 131 00—5 8 1

Batteries—Ames and Kling; Luhren and Simon.

FRANK BOGASH, JR., WINS NUTMEG STAKE

BAY GELDING CAPTURES EVENT AFTER DROPPING FIRST HEAT

The 2:09 Trot, the Feature Race of Day at Hartford Is Unfinished After Going Six Heats—Race Produces New 2:10 Trotter in James W.

Hartford, Conn., Sept. 2.—The second day's racing at Charter Oak park by the Grand circuit horses was featured by the excellent performance of Frank Bogash, Jr., and a hard fought race in the 2:09 trot which had to go unfinished after six heats. Murphy put Frank Bogash, Jr., through in the Nutmeg stake after the gelding dropped the first heat to Leata J., it being a fight all the way between the mare and the gelding. The 2:09 trot produced a new 2:10 trotter in James W., who captured the first heat and also was marked by reducing the record of Ruth McGregory to 2:07 1/2, furnishing the best of the day's excitement. Holly Rood Ben was an easy winner in the Juvenile.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

Caught a Bad Cold.
"Last winter my son caught a very
bad cold and the way he coughed
was something dreadful," writes Mrs.
Sarah B. Duncan, of Tipton, Ia. "We
thought sure he was going into con-
sumption. We bought just one bot-
tle of Chamberlain's Cough Remedy
and that one bottle stopped his
cough and cured his cold comple-
tely." For sale by all dealers.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

MANY INFLUENCES TO DEPRESS THE MARKET

**STOCK MARKET HAS TO CON-
TEND WITH A NUMBER OF
BEAR FACTORS.**

**Wreck Slumps New Haven to New
Low Record, Saturday's Poor Bank
Statement, Government Cotton Re-
port, and Disappointing Railroad
Reports Give List Further Set-
back.**

(By Associated Press)

New York, Sept. 2.—It was a for-
midable list of depressing influences
with which the stock market had to
contend today. When trading was
resumed, after the trip holiday,
there was a slump of New Haven,
foreign news of today's wreck, which
depressed the stock nearly 3 points
to 90%, a new low record. Another
bear factor was the unexpectedly
poor bank statement of Saturday;
July reports of some railroad sys-
tems were that July results had been
disappointing. Both Pennsylvania
and New York Central reported in-
creases in gross earnings but heavier
operating expenses.

As the day advanced the market
received a further setback from the
government cotton report, disclosing
a loss in condition larger than had
been expected. Another move
against the so-called anthracite trust
by the government depressed the
coalers.

In the face of this, the stock mar-
ket lost relatively little ground.
Prices were bid up sharply at the
start, under the lead of the copper
which were benefited by the advanc-
ing tendency of the metal market.
London buying estimated at 20,000
shares helped to put up prices. Ca-
nadian Pacific was marked up four
points and the Harrimans, Amalgam-
ated Chino, Utah copper and var-
ious other stocks a point or so. The
rise was utilized to distribute stocks
however, and the reaction quickly
came. Early gains were to stand as
the day unfavorable news develop-
ed, the tone grew heavier.

New York Central was especially
weak, falling back 3 points. The
close found prices in most cases
under Friday's last figures.

BOARD OF EDUCATION
HOLDS ADJOURNED SESSION

Discussion Held on Text Books to Be Used—Change in Grammar Made—Grade Schools Will Open at 9 a. m.

The board of education met in adjourned session Tuesday evening. There was little except routine business transacted. A change in grammar was made; the hour for opening the grade schools was changed to 9 a. m. and the tuition in the high school was put at \$60 a year and in the grades at \$10 a year.

The board met in adjourned session with all members present. Mayor George W. Davis in the chair. The minutes of the preceding meeting were read and approved.

All properly approved bills were ordered paid.

The clerk read a report of the cost per pupil per year in the high school and several grades as follows:

High school	\$62.41
First ward	31.47
Second ward	29.33
Third ward	30.03
Fourth ward	31.11
P. E. Farrell, treasurer, reported:	
Balance in general fund	\$15,212.98
Balance September 1	14,560.48
Building fund:	
Balance August 1	\$54,506.68
Vouchers	117.45

Balance September 1 . . . \$54,389.43
Member Hall, chairman of school books, asked Supt. Gore to speak on the subject.

Superintendent Gore said he had examined all the school books used in the public schools and indorsed all except the grammar, which he deemed quite unsuitable, as it was used in but one school, as far as he knew. He said the language in the book was not well adapted to the purpose and both teachers and pupils were much dissatisfied with it. He said any change would be for the good.

Several members of the board informally expressed their opinions and all were opposed to the grammar in use as far as they were acquainted with it.

Supt. Gore thought that Howland's Lessons in English the best he had examined.

Mayor Davis said he had on his desk several grammars, but had not carefully examined them.

Members Wells thought the time rather short if a change was to be made this year.

Member Hall thought it well to correct a mistake if it had been made in the book.

The clerk read a letter from the Colonial Book company giving exchange prices as follows:

Howland's Elementary Lessons in English, 24 cents; regular price, 40 cents.

Howland's Advanced Lessons in English, 35 cents; regular price, 60 cents.

Old books to be turned in. Dealers to have twenty per cent discount. One hundred elementary and one hundred advanced lessons to be donated for the benefit of poor children.

On motion of Member Wells the Howland Lessons were adopted in place of the grammar now in use.

Member Hall moved the annual tuition in the high school be \$60 a year and in the grade schools, \$10 a year. Carried.

Member Bayington moved the hour for opening the grade schools be 9 a. m. All seconded. Carried.

Adjourned.

MORTUARY

Sawyers.

Miss Angeline Sawyers, aged 66 years died at the Jacksonville State hospital at 4 15 p. m. Monday. The remains were taken to O'Donnell's undertaking parlors and sent to Bluffs yesterday over the Wabash.

Baumelster.

Aloise Irene, daughter of Mr. and Mrs. William Baumelster, died early Sunday morning at the home of her parents northwest of the city. The funeral was conducted at Ebenezer church Monday afternoon at two by Rev. E. B. Houck in the presence of a goodly number of friends and neighbors. The following obituary was read at the church.

Aloise Irene, daughter of William and Ida Baumelster, was born Sept. 4, 1898 and went to be with God in August 31, 1913, lacking but just five days of being five years old. She was an unusually bright and intelligent little girl, trustful and obedient and even at her early age was already a great help to her mother in the care of the home. A child of lovely disposition, she won the regard of all who knew her, and her untimely demise is deeply mourned.

She is survived by her parents, two brothers, Lloyd and Russell, and one little sister, Mary Frances, besides a number of more distant relatives and a host of sincere friends, relatives and a host of sincere friends who came to drop a tear of sympathy upon her little grave and extended their condolences to the stricken family.

Greene.

Henry N. Greene died Tuesday evening at 8:40 at Maplewood sanitarium. He was born in London, England, July 3, 1837, being 76 years of age. He was a machinist by occupation. He had been in the United States since 1850. The body was taken to Reynolds' undertaking parlors and will be sent to Griggsville today via the Wabash, where funeral services will be held and burial made.

Vosseller.

Mrs. A. O. Vosseller of Colorado Springs, Colo., died Monday. The family is well known in White Hall, to which place the remains will be brought for burial.

They will be away from Jacksonville a week or ten days.

FIRE ON DOOLIN AVENUE.

The department was called out at 10 o'clock Tuesday evening by a small fire at 822 Doolin avenue in a shed belonging to Patrick Hayes. Roy Goodrick, a call fireman, who chanced to be in the neighborhood, and T. W. Hennessey had the blaze out before the fire department arrived.

EXPLAINS ABOUT PLANS FOR THE BURLINGTON TRAIL

Purpose Is to Keep Two Hundred and Fifty Mile Road in Constantly Good Condition—Systematic Dragging Will Accomplish Desired Results.

At the Dunlap house last night H. C. White of Greenfield, an officer of the Burlington Trail association, met with members of the department of rural affairs of the Chamber of Commerce and others to explain something of what the association is striving to do. The trail, which runs from St. Louis to Burlington, Iowa, via Jacksonville is 250 1/2 miles in length and the plan on which the association is operating is to have the road marked by bands painted upon telephone or telegraph poles all along the way and above all to have the roads and bridges kept in good condition.

In each town or city through which the trail passes a vice president will have charge of the work and members of the association will be expected to back him up in seeing to it that the roads are dragged and that the money collected by taxation for road purposes is wisely expended. Dragging the roads and keeping them continually dragged will be the main work of the association. Then it is the intention to have the trail advertised as extensively as possible and it is believed that within a year that hundreds of automobile tourists will follow this trail and incidentally stop at many of the cities enroute and spend money.

The trail has already been marked nearly the entire distance between St. Louis and Burlington. The exact route has been decided except between this city and Beardstown. The first plan was to go from here to Virginia and then to Beardstown, but a number of persons who have looked into the question carefully argue that it would be better to follow the road through Concord and Arenzville and then into Beardstown.

To do the work desired in Morgan county will require the raising of about \$50 and this will be undertaken by David Estaque, who is the Jacksonville vice president, and by Mr. Fritchle. Among those present last night were Frank J. Hehl, who presided, Rev. G. W. Flagg, Dr. E. L. Crouch, Dr. J. W. Haingrove, A. L. French, John W. Clary, C. N. Priest, Paul Fritchley, W. E. Hall, O. S. Rayner and from Murrayville, J. E. Osborne, J. L. Wright, F. W. Story and Harry Strang.

MAY SUGGEST SOIL EXPERT FOR WORK IN MORGAN COUNTY

New Law Gives County Boards Right to Spend Money for Such Purpose—Department of Rural Affairs Studying Question.

At a meeting of the members of the department of rural affairs of the Chamber of Commerce, held at the Dunlap last night, Frank J. Hehl, the chairman, called attention to a law passed by the last general assembly which permits county boards to expend a sum not exceeding \$5,000 per annum for the employment of a soil expert. A number of counties in this state have employed experts who are paid by organizations of farmers and in Missouri a still larger number of counties have taken up the work.

The rapid increase in the value of lands within recent years has laid emphasis upon the fact that for the sake of both land owners and tenants that soil fertility must be increased and conserved. Too many high priced farms are not paying interest on the investment.

It was suggested last night that it might be wise for a number of Morgan county land owners to raise a fund to apply on a soil expert's salary and then present the matter to the county board and ask for an additional appropriation for the work. It was decided that Mr. Hehl should make inquiries as to the possibility of securing an expert and what the probable cost would be. At an early meeting the committee will decide whether or not to undertake the plan. There are strong reasons in Morgan county for such a movement and the committee has undertaken the investigation of an important matter.

ANDRE & ANDRE ANNOUNCE

The arrival of New Fall House Furnishings, including Furniture, Floor Coverings, Draperies, etc. Every freight for the last few weeks has brought us large consignments, and, in some instances, full cars. This is especially true of furniture, and in this connection we might add we have taken particular pains to eliminate styles by a painstaking process in order to secure pieces which will more readily meet with your requirements.

We have a stock replete with rugs of unusual colorings and proportions, and extremely large sizes, such as are frequently needed, but are generally so difficult to secure.

We feature the great Whittall line, which means the highest quality obtainable.

When you require something special call upon us. Remember, too, that we have the usual, as well as the exceptional.

You're invited to call and inspect the most complete and varied assortment of House Furnishings it has ever been our privilege to show.
